

Club Development Fund Request Form

The Students' Union has a small pot of money available for sports clubs to apply for. This fund is designed to provide small grants that will help to increase the sustainability of the club and allow it to grow.

Clubs must provide evidence on how the money requested will support the long-term development of the club.

Clubs are able to apply for equipment or something that will benefit the club in the long term (e.g. training). Funding for events and trips are highly unlikely to be granted and should be self-funded where possible, however competition entry fees may be covered (funds dependent) if the Club wishes to represent the Union. Clubs which are really struggling to cover transport costs for BUCS fixtures/competitions will also be considered for the grant as long as they can outline how this will benefit the club in the long term.

All funds granted must be spent within 2 calendar months of grant approval or the money will be reinvested in to the grant to be relocated to another club.

The Application Process

1. Submit the Clubs Development Fund Request Form
2. The VP Student Activities, Chief Executive, and Student Sport Administrator will then review your application for assessment.
3. More information may be requested if we feel your application is not detailed enough, so please ensure you include as much information as possible.
