

## BUCS/Competitions - Activity Incidents & Injuries Guidelines

It is difficult to describe a procedure that will fit every circumstance, but these are the key points you should follow. All sports and activities must have a nominated responsible person in attendance; they are there to take charge and assess initially in the event of an incident or injury. This could be a qualified first aider, team coach, team captain etc. *Sports Therapy students are limited to first aid only and cannot treat major injuries.* If in doubt seek professional advice.
