# What we do

Worcester Students' Union (WSU) is an independent charity dedicated to the welfare of all students at the University of Worcester.

We're a democratic organisation, run by students for students. Full-Time Officers are elected every year by the student body. Our Officers work at all levels of the University to enhance the student experience for all Worcester students and help them make the most of their time here.

We have a team of core staff in place to support our Officers and help them achieve their aims, along with managing the day-to-day activities of WSU.

We're proud of all the work we do here at WSU and will continue representing and supporting students to develop and achieve.
