Feedback Survey - Template

This document compiles a list of blank template questions that Course Reps can use as another way of gaining student feedback. The types of questions provided are useful for collating quick and easy data.

We encourage Course Reps to write and develop their own questions to suit course-specific concerns. Depending on the type of issue, you might want to ask different styles of questions to gain either qualitative data (quotes and opinions) or quantitative data (statistics and percentages).

On a scale from 1-10, please state how far you agree with the following statements.

Next steps… Collating Data

It is useful to collate and analyse student responses by making a note of any quotes and statistics so that you can use them in meetings as evidence
