

## Course Rep Lecture Shout Out

**Twice a year the Students' Union will ask you to conduct a 'lecture shout out' as part of your role as Course Representative. This activity will remind your course mates who you are and what your role entails. We have attached guidance below for how you might structure your lecture shout out.**

Introduce yourself (who are you and who are you a course rep for)

Just a reminder, for those of you who don't know or may have forgotten over the break, my role as your Course Rep means that I represent your views about our course. To do this, I ask you guys and you guys tell me any issues there might be or the things that you really like on the course that you think we should be doing more of. I then go to the course team and talk about these points. I then work together with the course team to resolve anything and get back to you with any answers.

Therefore, I just wanted to take a moment today to remind you all who I am and what I do. Some of the things I have already raised with the course team include (give example here) and actions taken for this include (give example here).

The best way to get in touch with me is seeing me in person or (give them the communication method you use e.g. Facebook page, WhatsApp, email, or other)

Can you all please spend a couple of minutes giving feedback today (optional – either if you have a survey or if you want to meet with them at the end of the session).
