Facts: What is the issue you're trying to address? What do we already know about this issue?	
<p>We would like to improve the diversity of the menus in the restaurants/cafes/bars across all the university campuses. Some of the campuses already cater for vegetarian, afro-Caribbean and so on and we would like to have menus that cater towards people's needs such as Halal/Kosher food, as well as different cuisines from different cultures to promote an element of diversity.</p>	
Impacts: How does this issue affect students, and in what way? Is it negative?	
<p>We'd like to implement this policy to avoid discrimination, inequality and isolation of students, as the BAME community should feel just as included as everyone else on all campuses and been relevant in University of Worcester.</p>	
Reacts: What would you like the Students' Union to do to address the issue? How do we need to take it forward?	
<p>We feel that diversity in the menu such as Halal, Afro-Caribbean, Kosher options should be widely available on every campus at university while also prioritising the variety of food from different cultures. Representation and inclusion in every form is important.</p>
