<b>Facts: What is the issue you're trying to address? What do we already know about this issue?</b>	
Provision of Multi faith room at City campus and Riverside Campus	
<b>Impacts: How does this issue affect students, and in what way? Is it negative?</b>	
<p>Accessibility – Multi-faith room is only available at St Johns' campus for the entirety of the student population of the university. The BAME network would like to make a proposal for the provision of this facility in the other two campuses.</p> <p>This is to further promote Inclusivity and diversity within the university community especially for the students based at City and Riverside campuses.</p> <p>The provision of the multi- faith room on other campuses will not be discrimination against other students.</p>	
<b>Reacts: What would you like the Students' Union to do to address the issue? How do we need to take it forward?</b>	
For the Student Union to discuss this with the University authority with the view of making provision for a multi-faith room across all campuses in other to ensure other students have access to same opportunities and facilities across all campuses. This will further strengthen inclusion and diversity policy of the university.
