

Student Council Motion Proposal

Rename TeamWorc Committee

Policy Number:	2020-21_007	Policy Date	29/04/2021
Policy Proposer:	Tish Manning (Vice President Activities)		
Policy Seconder:	Rachel Holland (Charity and Volunteering Societies Student Council Rep)		

Summary:

This policy proposes that TeamWorc Committee is renamed TeamWorc Council to ensure parity with the other sub-councils of Student Council and to reflect the importance of societies and sports clubs within the Union.

Student Council Notes the Following Facts:

- There are three sub-councils of Student Council
- These are
 - o Education Council
 - o Welfare and Inclusion Council
 - o Team Worc Committee
- All three sub-councils have a similar remit covering different areas of Union activity as outlined in Bye Law 4.

Student Council Holds the Viewpoint That:

All three sub-councils should be equal with equal standing in the SU governance structure. Although TeamWorc Committee isn't disadvantaged the name suggests it is less important and Student Council believes it should be renamed TeamWorc Council The committee also needs to further develop its engagement with students and the wider Union governance structure. The Vice President Student Activities should be mandated to work with Union staff to explore how this can be achieved.

Student Council Resolves to Take the Following Action(s):

Rename TeamWorc Committee to TeamWorc Council ensuring the relevant documents and website are updated

Require the Vice President Student Activities to work with relevant staff to explore how TeamWorc Council can be strengthened and given more purpose, allowing it to meet its objectives as outlined in Bye Law 4.
