Idea Proposal: Elizabeth Garrett Anderson Building 24 hour access

Proposing Student's Name:	Sopithaa Tavikumar
Student Number/School:	School of Allied Health and Community
Date submitted on Ideas Forum:	October 2023
10 week deadline date:	18 th December 2023
Number of 'Yes' Votes / Number of 'No' Votes	29 Yes / 0 No
Date taken to Exec for approval:	17 th November 2023
What is your Idea?	<p>Many students are in favour of the EGA building being 24 hour card access like the Pierson centre or Jenny Lind. This would mean there is at least 1 building per campus with a 24 hour access building. EGA is a popular study space for Medical students, Student Paramedics, Radiography students and more. With our lectures being based on the Riverside campus this provides better access to study spaces. With car park spaces by the Arena this also means better accessibility for students who commute as often parking spaces on St John's campus is limited. It would be ideal for the SU to bring this up in a Student Council meeting and discuss with the University or perhaps increase how long the building is open to students for.</p>
