| <ul style="list-style-type: none">• Bringing issues and problems to light, and publicly addressing them, when unacceptable behavior occurs within a social, club or Network. (E.g., "Pull the pig"). The SU and the Student Council need to provide circumstances for actions that directly affect members of our Network as well as the university student body. Not addressing an issue or having an openly active opinion does not bring change or action, which is exactly what we set out to do. We feel that the SU staying quiet does a disservice to the people, specifically women, who are directly or indirectly affected by the actions of others. |
