Definition of Policy: An idea that student/s, submit to Student Council, which they believe will improve the student experience. Once passed by Student Council, policies are binding for three years so the Union must ensure they are progressed during that time, often by working with the University to effect a change somewhere. | 2018-19_004 | Societies in Open Days | VP Student Activities | This policy seeks to rally the university to include community-based societies within the University Open Day programme. Community-based societies would include but not be limited to, the African and Caribbean Society, LGBTQ+ Society, Student Minds Society, and the Student Parent Network. | This is now normally offered out to societies with variable engagement - difficult to mandate societies to take part in Open Days but they are encouraged to do so in 2019/2020 by gaining TeamWorc points. Societies (and sports clubs) are now invited to open days following a break due to covid but uptake is low. |
| 2018-19_006 | Single Use Plastic | President | This policy signed up the Students' Union to the Plastic Free Worcester initiative and for the organisation to work towards plastic free status. | Ongoing - Discussions continue with E&F and Aramark on eradication, wherever possible, or single use plastic (other alternatives being investigated but some have an even higher carbon footprint that SUP). It has been discussed in University committees about the inclusive value of standardising Blackboard (in |

Lecturers still vary how content is displayed for teaching reasons. The VP Education is continuing to focus on this and will ensure that academic reps and councillors will be involved in future consultations. The VP Education has continued work with the TEL team on this. Progress has been made with Blackboard Organisation course pages which the University are looking to make consistent. |

| 2018-19_011 | SU Against Fit to Sit | VP Education | Worcester Students' Union to oppose any future attempts of the University of Worcester to implement a fit to sit policy. A fit to sit policy would change the mitigating circumstance procedure. For example if a student was ill and sat an exam they would not be able to claim mitigating circumstance because by turning up for the exam they had declared themselves well enough to take the exam. | Still SU Policy - VPE in 2018/19 managed to persuade the University to shelve the policy (following research into practice nationally) for the foreseeable future. Representations made at several committee meetings and concerns raised directly with Deputy Vice Chancellor. 2020/21 the Deputy Vice Chancellor and the Academic Registrar have confirmed this is not something they are pursuing at the current time. |

It should be noted that the University has made it clear that complete avoidance of bunching of deadlines is not possible. The issue was raised again by students in Change Week 2020.
