

CHRISTINA HARRIS

ETHNIC MINORITY OFFICER

Ethnic Minority Officer

Why should I get your vote?

I believe I would be a good ethnic minority officer as I am a confident and encouraging person. I feel this is a key factor as I want to encourage ethnic groups to get more involved in university life. Along with this I also want to bring together different universities to increase the ethnic minority population. I also feel an ethnic social would help, this would bring together new people and help with confidence and communication.

Therefore I feel this role suits me as I believe I have the attributes to understand problems/issues in order to make changes.

Vote for me, Christina Harris
