

# JESS CASHIN LGBT OFFICER

Vote for Jess Cashin as your LGBT Officer!

As an English Literature and Education student in my second year, I understand that everybody has a say in how their university is run no matter who they are. I also understand that every university student has their own needs and should have a voice. As LGBT Officer, I would ensure this for a group that is still fighting for their right to have such a voice and a place in society. I am already a keen member of the university's LGBT+ society and I am very eager to help all LGBT students with any issues they may have in the local and national community.

My policies as LGBT officer would be:

Continuing with the LGBT friendly atmosphere the university has, keeping the university an enjoyable and safe place for LGBT students

To pass on views and comments from the LGBT+ society and any other LGBT students throughout the university to the general student council

Ensure there is a zero tolerance throughout the university for homophobic and transphobic bullying

Find and provide opportunities for LGBT campaigns and education such as more conferences, etc.

End stereotyping and prejudice for LGBT students in sports education and societies

Raising awareness of LGBT issues that happen in the wider community

Working with West Mercia Police to ensure the city of Worcester becomes a safer place for LGBT students
