

# JOE HAYES NUS DELEGATE

Your Student Union pays a great deal of money (18k) to be part of the NUS. This allows us to be part of a group of students campaigning for better services for you!

But, just like our Students Union, NUS is only ever as strong as its members. Therefore we need to send delegates to the next national conference that will; scrutinise NUS and ensure that they are helping YOU as Worcester University Students

I have been a StAR, Worcester Week committee member, I'm a society committee member and I sit on the Student Council. Therefore I have wealth of experience that is needed to represent you at national conference.

My top priorities are:

1. Propose ideas to help Worcester's University Students that the NUS conference WILL need to consider
2. I will learn from other Student Unions and NUS and if their ideas are good and can help YOU directly then I will seek to apply them to Worcester.
3. Before I go and after I come back from the NUS conference, I will ensure better awareness of NUS. This will help make sure YOUR views are always heard at national level.

VOTE JOE For NUS Delegate
